

Wedding Breakfast

We offer a choice of three packages (Bronze, Silver and Gold) which have been designed to reflect different tastes and budgets.

Please select one dish from each section (Starters, Mains, and Desserts) for all your guests. You may also select one Vegetarian option (V) to be served to all your vegetarian guests.

We also offer a BBQ wedding Breakfast and Afternoon tea option, menus available on request.

We find that for most other dietary requirements (such as coeliac, lactose intolerant) it is best for us to adapt your chosen regular menu so that your special dietary guest's meal is as similar as possible to other guests.

If you would like to make any changes or additions to these packages we will be happy to discuss the options with you.

All our prices include VAT at the current rate of 20%.
